

Whiteman Mixers

Plaster/Mortar and Concrete models

Whiteman Plaster/Mortar Mixers

7- and 9-cu.ft. • Steel or Poly Drums

For the professional contractor!

Whiteman mixers have the features, quality, and engineering excellence preferred by the contractor and the equipment rental industry. Our heavy-duty mixers are reliable, easy to maintain and are available in a full range of sizes and engine configurations for most any application. Choose from steel or EasyClean™ polyethylene drums. Whatever your selection, Whiteman sets the standard.

Available in 7-, 9-, and 12-cubic foot capacities, with your choice of power and drum materials.

Model WM90S
(9 cu. ft., Steel drum)

EasyClean™ polyethylene drums.
(Steel drums also available.)

Rugged 14-gauge steel engine covers with punched ventilation openings for increased cooling and added strength.

High-strength cast iron paddle arms with wiper blades for a clean, uniform mix.

Heavy-duty safety grate with built-in bag cutter.

Durable paddle shaft of 1 3/4" square hardened steel. Double-sealed bearings.

Drum lock allows positive "mix" and "tow" positions.

Heavy-duty removable tow tongue made of tough schedule 80 steel.

Forklift pocket

Available with loop coupler, 2" ball coupler or pin-type coupler.

Solid 1 5/8" solid axle with large B78x13" tires for smooth towing.

Model WM90P
(9 cu. ft., Poly drum)

Heavy-Duty Features

Innovative seal system. Double-sealed bearings with greasable shaft seals. Specially designed seep hole protects bearings and warns when seal needs replacement.

7- and 9-cu.ft. • Steel or Poly Drums

Built to last. Heavy duty safety grid with auto-open safety bar. Built-in bag cutter. High strength cast iron paddle arms with rubber blades provide a clean, uniform mix.

Wider dump shoot for faster, easier pours.

Less vibration. Engine is mounted solid to base, minimizing vibration. The engine sits level — important when checking oil.

Convenient, easy operating engine engagement lever.

Thick tubular steel reinforced frame resists damage, provides superior strength and proper dumping clearance.

Double V-belt/gear drive. Idler wheel provides easy, positive engagement. Allows larger, heavier mixes. Cast-steel pulleys increase durability.

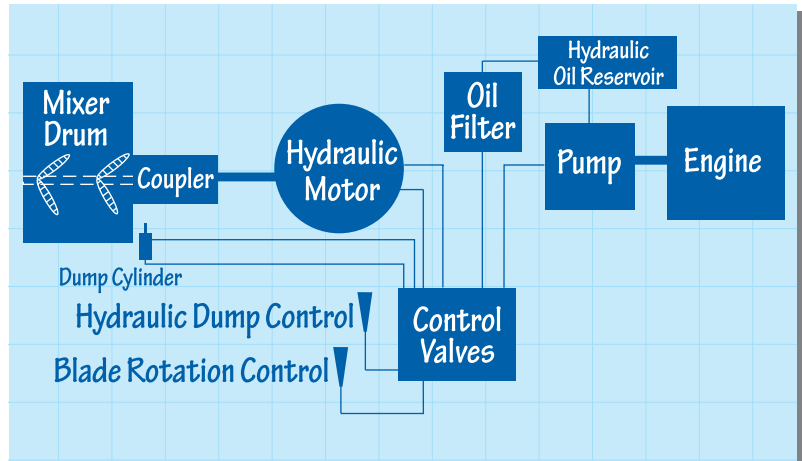

Hydraulic Drive Mixers

12-cu.ft. Plaster/Mortar Mixers • Steel or Poly Drums

Setting the standard for innovation and dependability!

Hydraulic drive...

- **Mixes larger, heavier loads** — ideal for high production requirements and lower slump mixes.
- **Hydraulic dump system** — allows high production with minimal operator fatigue.
- **Greatly reduced maintenance** — no mechanical gears or clutches.
- **Built-in hydraulic safety relief system** — immediately disengages itself in case an object becomes wedged in the drum. Automatically resets when problem is corrected.

Rugged 14 gauge steel engine cover with punched pressed ventilation openings for increased cooling and added strength.

EasyClean™ polyethylene drums. (Steel drums also available.)

High-strength cast-iron paddle arms with wiper blades for a clean, uniform mix.

Heavy-duty safety grate with built-in bag cutter.

Durable paddle shaft of 1 3/4" square hardened steel. Double-sealed bearings with eight spring loaded greaseable shaft seals.

Heavy-duty removable tow tongue made of tough schedule 80 steel.

Dual controls — mixing blades and optional hydraulic dump.

Solid 1 5/8" square axle with large B78x13" tires for smooth towing. Suspension springs standard — less bounce, less sway.

Available with loop coupler, 2" ball coupler or pin-type coupler.

Model WM120PHD (12 cu. ft.) — hydraulic drive, hydraulic dump, EasyClean drum — available with steel drum

Multiquip Concrete Mixers

4-, 6- and 9-cu.ft. • Steel or Poly Drums

The ultimate in heavy-duty concrete mixers.

*Available in 4-, 6- and 9-cubic foot capacities, with your choice of power and drum materials.**

**Model MC94P
(9 cu. ft.)**

EasyClean models feature polyethylene drums.

Model MC94S (9 cu. ft.)

** 4-cubic foot models available with steel drums only.*

*** Axle springs not available on 4-cubic foot models.*

Large B78x13" tires for smooth towing to your job.

Multiquip EasyClean™ Mixers

6- and 9-cu.ft. Concrete Mixers

EasyClean makes all the difference...

BEFORE

In all standard steel drum mixers, this dried concrete could be a nightmare to clean out...

...but not with an EasyClean mixer! A few taps with a rubber mallet and the dried concrete falls right out!

AFTER

Our innovative EasyClean mixers incorporate polyethylene drums to put an end to clean up problems.

If a load of material is allowed to dry in a steel-drum mixer, removing that material may take several hours — and more often than not, drums can be dented or damaged in the process.

Our tough polyethylene drums can be cleaned in minutes. A tap with a rubber mallet does the job — without dents, rust or cracks!

Model MC94P (9 cu. ft.)

Model WM120PH (12 cu. ft.)

Mix-N-Go Concrete Mixers

The economical choice for small jobs.

The Mix-N-Go Concrete Mixer can mix up to three cubic feet of material, making it ideal for homeowners and small contractors.

Available with either a steel or polyethylene drum, the Mix-N-Go is ideal for small footings and bases, binding block and concrete patching. It is available with a gasoline engine or electric motor for operator convenience. It can also be used as a wheelbarrow to transport concrete, debris and other material around the job site.

When the job is complete, the compact Mix-N-Go fits neatly into the trunk of a car.

- **Replaceable blades** bolted to the drum.
- **Choice of steel or polyethylene drums.**
- **Engine options** — Gasoline or ¾ HP, 115 single-phase UL- and CSA-approved electric motor.*
- **Job site convenience** — can use standard household power.
- **Mixer stand allows drum to rotate 360 degrees.**
- **New on/off switch protection** — water-resistant and dust proof.
- **Pneumatic tires.**

Water-resistant, dust-proof on/off switch

Strong ¾ HP brushless motor, UL and CSA approved

Gearbox; gears immersed in oil for long trouble-free life
